

Campus tour of the Central Student Advisory Service

Welcome to the University of Bayreuth

We have set out a number of different points of interest around the entire campus, which you can visit either on the tour or on your own.

The starting point is the Central University Administration, where you can also get a printed tour map. For each stop on the tour, you will find a brief description and a QR code that will take you to the tour page.

Guests at the University of Bayreuth have free access to @BayernWLAN without prior registration. Please note that the connection to the Wi-Fi hotspots is unencrypted.

QR code for the self-guided campus tour at www.campustour.uni-bayreuth.de/en

Get to know us - any time and on site

Our campus tour will let you not only explore the most beautiful campus in Germany, but also give you a lot of interesting information, e.g., about the degree programmes and study environment in Bayreuth.

Information for your visit

There are no steps on the tour and all of it can be taken by walking or using a wheelchair. The total length is about 2.5 km. The campus is open to the public at all times. Toilets can be found in the buildings. Catering options are listed in the tour description on the Internet.
